

SCOOT FOR YOUR SUPPER: JLT EDITION

BEST GREEK

MYTHOS KOUZINA & GRILL

LOCATION: CLUSTER P

Dubai is inundated with Greek restaurants of late, but the chef at Mythos has been at it for the longest. The minimalist, stone-built taverna, also a big winner at this year's What's On Awards, illuminates through lunch and dinner times and wins with its heavenly Greek dishes, like the gyros, Greek salad, and the beef stifado.

Owners Alex and Fay Economides say: "This all began because we saw that Greek cuisine was under represented in Dubai. We have many great memories of dining out in Greece and we thought it would be wonderful to bring that experience here. Working with each other [Alex and Fay are siblings] has been pretty smooth; we work very well together and we have the same creative direction, which we think has helped with Mythos' success."
